Subject: RE: biosolid land application sites

Somewhere there is a link to all NC NPDES permitted discharge sites online. Let me try to find it.

Mark

Mark

Thank you for the maps. I can open it, but I'm also interested in the sites outside the Cape Fear Watershed. Do you know where I can get their info? Thank you.

Mei,

Andy is away at a meeting at Northeastern. He has these maps and can share them with you when he gets back.

However I have these kmz files I think you can open with Google Earth or Arc GIS.

Hi Mark

I remember you have looked into PFAS leaching around biosolid land application sites. Do you have a list or map of locations of the permitted application sites in NC, or know where I can find the information? Thank you.
